

## SHARING IS CARING

Christmas is the season of love, harmony, and spreading kindness. And therefore, it's been a few years already since we have been joining an amazing Shoe Box Project to endow elders with no family with "shoe box presents".

This is a unique opportunity for children to interfere with their prosocial understanding and importance for sharing with those in need. Thank you to all who participated and shared their little something ❤️.

Eagle class even prepared their own project "Angels in the City" and went handing out various presents to random people on the street sharing Xmas spirit and kindness.

## WE SPY: What does it mean "SHARING IS CARING"?

**Mia (HP Penguins):** To share the toys and to be nice.

**Laura (HP Flammingos):** It does mean that you could share toys and not fight. Amalka and Riško wants to play with a doll and they pull and fight. What should we say? Sorry, can I have a doll first Amalka?

**Sebi (MD Dragonflies):** You need to do that because I don't know. You are passing the toy. Because when you don't share, it's really bad. When you are good to others, other friends will be also happy. Share everyday!

**Lidiia (MD Alpacas):** You need to share with toys, because we need to share, because sharing is caring. Good to do. I know it. I feel good.

**Bruno (SM Pandas):** Sharing is for family time and taking care about them.

**Katka (SM Pandas):** If someone in school breaks a pencil, you borrow him a pencil sharpener.

**Sophia (KOL Kiwis):** It is when one person has a Christmas tree and other does not, so he gives his.

**Tymon (KOL Kiwis):** It is like when my brother has one nice Pokémon card which I want very much, and he gives it to me.

## PREPARATION FOR CHRISTMAS

December is always very special and extraordinary! All the classes have been busy with preparations for Christmas in many ways - making advent wreaths and calendars, decorating trees, sending postcards, making wishing lists... and much more. Feel free to check out our more Christmas projects!

## SAINT NICOLAS VISIT

Of course, we also had a special visit of Mr Saint Nicolas! Together with his angel and devil helpers, they settled a big smile on the faces of all the children.

## CHRISTMAS SHOW FOR PARENTS

Children and teachers have been preparing for our annual performances hard - practicing songs, learning poems, rehearsing dances, preparing props and costumes to be ready on their big DAY.

So, finally after a long time of Covid break we could meet at our Christmas performance! It demanded a lot of organization and preparation, but it was worth it! We believe you enjoyed our programs in Cambridge school hall and spent a nice time with us.

## CHRISTMAS WORKSHOPS

Last week before Christmas, all the children have participated on creating a lot of original Christmas presents for their beloved parents during the Christmas Class workshops! We believe you had Merry Christmas and let us wish you Happy new year 2023 😊!

### TEACHERS INQUIRY:

What is your special Christmas family tradition?

**Miska P. (SM):** I always liked going for a walk to cemetery and stopping by at my cousins' house before we had Christmas Eve Dinner.

**Pet'ka (SM):** We read the story about the birth of Jesus and sing our Christmas carols altogether.

**Ana (HP):** Our family tradition is that we have secret Santa game with all my relatives.

**Linda (KOL):** My father has a Christmas tradition, that we can eat sweets from Christmas tree after 6<sup>th</sup> of January, so me and my brother always just "check" if the sweets are still ok till that date.

**Lillia (KOL):** Our family tradition is to have many Christmas trees, so we look for presents under all of them.

**Majka (HP):** The whole family eat from one bowl to symbolize unity and we put money under the tablecloth to have prosperous year ahead.

**Radka (MD):** The youngest member of our family sits under the Christmas tree and hands presents to other family members 😊

**Alba (HP):** It's a tradition in my house when it is Christmas, that one of my uncles dresses up as Santa Claus and enters the house in the middle of dinner to surprise the little ones in the house 😊

**Simonka (HP):** After dinner, on a Christmas day, we go to sing to our neighbours and then meet altogether on the street for a chit-chat 😊

**Veronika G (MD):** We are cutting the apple and eating a Christmas wafer with honey and garlic to be healthy. We are also visiting the church at the midnight praying.

**Zuzka (KOL):** We usually put one extra plate with cutlery on the table. It means that we celebrate Christmas with family members who are no longer with us.

## LATEST NEWS

At very very end of December before holidays we had a lovely **puppet performance** "About Kolofon" to get some rest after all that Christmas buzz and fuss 😊

And of course we did not forget about traditional **Christmas Fair** in downtown, either. At least some classes took a trip among hot punch and chocolate pancake smelling stalls to check real pre-Christmas time vibes.
