

NEWSLETTER FEBRUARY 2023

HUMAN BODY FACTORY

In February, we stepped inside the busy factory called the Human Body! Together we found out about all different body parts and systems that keep our body going at day and night.

We were very excited to welcome also special guests from medical world. We learnt to take care of our teeth; we investigated eyes; we explored doctor's occupation. Kids loved it, especially when they could try new and exciting „toys “. Thank you very much for coming and spending your precious time with us.

Children in kindergarten also tested the abilities of their bodies in psychomotor testing disciplines. They checked their balance, endurance, coordination, locomotion, laterality, height, weight... to realize what they are capable of.

HEALTHY HABITS

When talking about Human body factory, we could not forget about health, of course. We learnt and practiced everything what makes and keeps us healthy.

We liked to practice healthy habits to be strong, fast, and fit. Children challenged themselves in Spartan race to overcome various checkpoints. Well done to everyone who joined, it was not easy, and you did great!

WE SPY: Why do we need to exercise?

Marta (SM Foxes): We exercise to get healthier.

Emma (MD Alpacas): Because to grow up!

Marinka (SM Sharks): Because its healthy for our body and we will be stronger.

Pet'ko (MD Dragonflies): I exercise at home, and I don't know why.

Lada (HP Whales): That you will be nice and not fat.

Sebi (MD Dragonflies): Because we need to be stronger and smarter.

Klárka (HP Whales): You will not be sick.

Lili (KOL Koalas): It is good for our body, and we need to eat a lot of vegetables and

fruits.

Alex (HP Whales): Because we gonna have muscles.

Alex (KOL Kiwis): We need to exercise to be full of muscles. And I do three sports now.

Alfie (HP Seahorses): To get a sticker.

I AM WHAT I EAT

In February, we took a short practice of our cooking skills, too. We got the children into the “kitchen” for a proper meal prep event. They started with making a shopping list; then shopping groceries at the store and finally preparing various delicious meals. Kids-tested, kids-approved!

TEACHERS INQUIRY: What is your favourite food?

Miška (KOL): I love pancakes.

Simi (MD): I like vegetable soups and sushi, but bryndzové halušky is my all-time favourite meal 😊.

Táňa (HP): I love to taste unfamiliar food and I am a big fan of Mexican and Indian cuisine. I cannot have enough of cilantro!

Gabi (KOL): Everything sweet. I cannot imagine my life without sweets.

Olga (SM): Better ask me what I don't like to eat! 😊 Way too many of my favourites.

Lucka (MD): I'll love you forever if you buy me a good bowl of udon.

Jarka (SM): My favourite food is my grandma's home-made pirohas made with the best filling ever and love.

Emily (HP): I absolutely love sushi - that's my favourite for sure.

ALL WE NEED IS LOVE

Love is in the air... and we know, it's not just a cliché. It's always fun to celebrate Valentine's Day with special people and close friends around us. Over the whole week, we ran various "valentine" projects and celebrated the friendships at the great Valentine carnival in full swing in the end.

LATEST NEWS

At the Valentine time, we did not forget about our teachers, either. We have prepared for them a small sweet surprise to express how much we appreciate their work and effort with children.

In February, we have completed our half-term with the regular **parents' meetings** to check on the child's well being and discuss the individual issues regarding social, emotional, and academic progress. Thank you for coming, see you in June!

Y1 students completed their "testing" package with school assessment of academic skills. We have welcomed the Y2 teachers from Cambridge school to check their Math and English level.

WHAT'S NEW IN OUR SCHOOL

Cambridge school ran a Slovak week full of special guests and activities connected to Slovak history, culture and traditions.

If you want to find out more about our school, check www.cambridgeschool.eu.
