YEAR 1 SPECIALS

June has been a very special month for our Y1 classes. Families of our Y1 students gathered for a **GRADUATION CEREMONIES** to celebrate the end of their kids' kindergarten journey. All Pandas, Foxes, Kiwis, Flamingos, Whales, and Dragonflies were working hard to prepare great entertainment for their loved ones and to show what they have learnt over the years at Funiversity. Well done everyone and good luck in your further studies!!!

In addition, all our preschoolers could join and enjoy a special sleepover **SUMMER CAMP** in Papiernička. This year topic was "Space explorers" and so they explored 🌟. They enjoyed plenty of activities: meadow games, forest scavenger, pool amusement, BBQ, disco, night walk, Drina cave... But most of all, they all managed to be on their own and have a great time with their kindergarten friends.

MORE from SUMMER CAMP

BEING SMALL IS FUN

June was dedicated also to many fun trips. All of us went to Tricklandia where the children saw various tricks and illusions. Class winners of the “reading” competition went, in addition, to other interesting places to have fun and enjoy the “prize” for their March effort. We welcomed a magician, or just went for ice-cream.

DAD THE SUPERHERO

In June, we could not forget about Father’s Day, either. Celebrating Daddies in our Kindergarten was a fun packed event with a delightful performance followed with

checkpoints full of action, sports and enjoyment. Dear Fathers, you are truly superheroes in disguise for us.

HOW DO I FEEL?

Kids were learning about the colourful palette of emotions to help to identify and express their feelings through various class activities, games or prosocial, reading, dancing and puppet show. It helped to support children and their social emotional well-being.

MUSIC ALL AROUND

In connection to the topic about Music we were invited to the Cambridge school for a special student concert. We had an opportunity to listen to talented young musicians who were once in our kindergarten. It was lovely to see them again. Our children enjoyed this special event a lot and we were so much proud of them as an amazing audience.

GOING TO SCHOOL

Although, we still have summertime when we all can relax, finally. For many kids, however, it is the last summer before school. Therefore, our classes focused on many projects connected to school life.

TEACHERS INQUIRY: How was your first day at school?

Olga (SM): Day before the first day of school I was running after my aunt's dog and hit my forehead on the iron fence. Parents almost got a heart attack and took me to emergency. As a result, I came to school in a beautiful dress and with a huuuge bruise over my eyebrow and under my eye. 😊 I still have it evidenced on my "first day at school" photo 😊

Inna (SM): My first day at school was very cool. I remember that on the first lesson we needed to write all numbers and words which we know. I was so proud of myself because I managed to write 3 words without mistakes.

Lucka (MD): The morning of, I was super happy and excited. The minute we got to the school though, I started crying and was very scared. Now all my first school day pictures are filled with lots of frowns and tears. 😊

Simi (MD): I couldn't wait to enter the school, because I really loved to learn new knowledge. I was very excited and well-prepared: I was wearing my favourite turquoise dress, new school bag with 101 dalmatians and a flower for our teacher in my hand 😊.

Rashee (MD): I felt excited and happy to get dressed in my new school uniform. I felt like a big girl and loved all my classmates.

Miška (KOL): I remember that my daddy bought me a very nice pen at that day, but I couldn't use it because we used to write with pencils first.

Zuzka (KOL): I remember that I had a small accident two days before the first day of school. And so, I sat in the school with a huge scab on my nose.

Sabi (HP): I was not attending kindergarten (I was with my brothers and mom at home) so my first day at school was BIG day for me. I was shy, scared but day by day I got use to and I really liked it!

Táňa (HP): I remember the big black board, dust from chalks and my pencil case full of sharpened colourful pencils. And the backyard where everybody was 😊

Leona (HP): I was curious how my teacher looks like, and I was excited that I am sitting with my friend from KG.
