We are back to school

NEWSLETTER SEPTEMBER 2023

EXPLORING KINDERGARTEN

Kids are back in the game! New school year is here, and we are all excited for a great begin. Children made a map of their kindergarten, and they were about to explore all the secret rooms and other classrooms! They practiced copying and shredding papers, checked stores and even played with coffee machine 😊 . They got in touch with all teachers and other employees, ready for the fresh start.

MAKING NEW FRIENDS

How to know each other better than during a small, cute picnic somewhere outside? Imagine the good weather, soft blanket, yummy snacks, sun rays falling on tiny faces and wind combing the hair of your most precious ones. And a friend with whom you can share this moment, of course! It sounds nice, doesn't it?

And to know each other even better, we loved to listen and check all the “me, myself and I” projects children prepared to share their secrets and favourites about themselves.
