MUSIC ALL AROUND

We started a New Year in a big style 😊. You could hear music from everywhere - classic, disco, hip-hop, rock, jazz or folk. We even set up the class music bands, led the Talent show, worked out our DIY musical instruments. In addition, older children visited a Music high school in Petřalka and enjoyed amazing workshops. Cherry on top of our music weeks was astonishing Paci-Pac concert in kindergarten.

TEACHERS INQUIRY: What would be the name of your music band?

Liliia (KOL): The name of my music band would consist of the first letters of the names of its members.

Majka J (HP): Last unicorn. But sincerely, I can't imagine me in a whatever music band.

Lenka (SM): Creators

Jude (HP): Concrete Medicine!

Miška (KOL): I would name my music band as "Ukuliano" because I like to stum on the ukulele and play a little bit the piano.

Sharks (Y1) were thrilled to explore and observe sound waves by eyes instead of ears. They carried out various experiments to be able to see and draw them.

Koalas (Y1) learned about various music genres. They listened, danced and even sang songs of different styles and interprets to stay up to date.

Eagles (N2) listened to various music and observed what emotions the music may carry. So, they were painting to music and checked their art pieces afterwards.

SLOVAK WEEK

The theme focused on winter traditions was also a time when we enjoyed speaking Slovak 😊 We practiced Slovak folklore songs and riddles. Children learned about Fašiangy and had a lot of fun with masks; some even organized Fašiangy parade.

WINTER FUN

In January, we annually take a sledging trip. This year, unfortunately, we were not lucky enough to have snow. What a pity! However, even without snow, we did enjoy outdoor fun and made some awesome winter projects, instead. It turned out, winter isn't defined only by snow - we can have "winter" fun anytime 😊.

Giraffe class (R) learned
about what we can do in
winter. Skiing
showcase won.
